

# GOOGLE APPS IN ACTION

**West Ryde – Tuesday 25 August 2015**

## TEACHER PROFESSIONAL LEARNING WORKSHOP

Google Apps in Action is a one-day BOSTES registered workshop for K-12 teachers who would like to discover how to make use of Google Apps in innovative ways in their classroom.

This workshop will involve a series of practical demonstrations and a range of engaging hands on activities. During the course of the day, participants will:

- become familiar with the features of Google Docs, Slides, Sheets and Sites
- explore a selection of demonstration lessons in various Stages, that address a range of KLAs and the NSW syllabuses for the Australian Curriculum Information and communication technology capabilities
- examine a collection of international case studies demonstrating how teachers are implementing Google Apps in innovative ways
- discuss and design a set of activities for individual students as well as activities to share as group tasks or whole class projects
- see how Google Classrooms assists teachers to manage and share tasks with students.

Completing Google Apps in Action will contribute 5 hours of QTC Registered PD addressing 2.2.3 from the Australian Professional Standards for Teachers towards maintaining Highly Accomplished Teacher Accreditation in NSW.

Teachers accredited at the Proficient Teacher and Highly Accomplished Teacher Levels may attend this course and claim the Hours and Standard Descriptors aligned to this QTC Registered Course.

### PRESENTER

**Dr Nerida McCredie**

During her 13 years of classroom teaching, Dr Nerida McCredie has been recognised for her work in digital learning and awarded for her innovative classroom practice. Her doctoral thesis explored students' insights into how they learn through design using technology.

Nerida now works as an educational adviser, researcher, trainer and keynote presenter. She is highly regarded for her dedication in working with students, teachers and principals to explore and create innovative ways to use technology for effective and lasting learning outcomes.
